

BLUE DIAMOND GENERATION

IN THE UNITED STATES OF AMERICA

Regulations

This regulation strictly refers to the Network Marketing activity carried out on the territory of the United States of America, only with the products mentioned below, even if the Value Points are calculated at the Global level.

You can become a Blue Diamond member by creating an account at www.biovitality.com

After creating the account, **the next step** is for you or the person who recommended you (the sponsor) to announce this to the Blue Diamond Romania headquarters in the next 24-48 hours via email.

- It is recommended to place the first order, i.e. to purchase one of the available packages).

Example:

office@bluediamond.ro

New Account (title)

Sponsor: John John - 1129088

New Account: Michaela John - left (or right) position

Thanks

The next step is to purchase one of the following packages:

1. **Business Pack** » 3 HEPAMIX and 3 IMMUNOMIX - **\$300** (1,440 VP)
2. **Standard Pack** » 1 HEPAMIX and 1 IMMUNOMIX - **\$250** (1,125 VP)
3. **Starter Pack HEPAMIX** » 1 HEPAMIX - **\$200** (1,000 VP)
4. **Starter Pack IMMUNOMIX** » 1 IMMUNOMIX - **\$200** (1,000 VP)

« VP – Value Points »

Just by purchasing one of packages above, you become a networker with rights to collect money from our reward system.

The other two possibilities are:

- a. **1 HEPAMIX** » \$53 (240 VP)
- b. **1 IMMUNOMIX** » \$53 (240VP)

The above products are **only carriers of VPs**, the internal currency in which we calculate the money. Every time you make purchases, you will log in with your personal email and personal password, and in the Blue Diamond account you will be able to see your network created as a result of the recommendations made.

At the same time, you will be able to see the sums of money collected and many others information related to the development of the business.

Being a Romanian company from the European continent, we are forced to apply including regulations regarding compliance with the law of the country of origin. That is why all the protocols, all the laws, from both continents America and Europe (in this case Romania) will be respected.

The products sold on the American website (www.biovitality.com) comply with all the legislation imposed by both countries, and the remuneration in the Binary Network Marketing system will be made directly from Romania through the Blue Diamond Generation SRL Company, which holds the rights on the Network Marketing network.

The points from the purchased products are calculated according to the description of our business and according to the official presentation on the YouTube channel (we mention that there are small differences due to the fact that not all regulations can be implemented at the moment, but in time everything will be unique).

In order to earn money, you need to purchase the package only once (if it is advantageous, you can purchase it several times) and **you had to be ACTIVE monthly**, that is, you should have 100 personal VP every month to collect the cash bonus in the following month.

The money will be transferred to the beneficiaries in their private bank accounts only after the validation and confirmation of the person's identity, which will be done by sending an identity document and the bank account to which the money will be transferred, but also the signing of a contract by which the beneficiary accepts the legal conditions imposed by the Romanian State.

The bank transfer will only be made when the sum of \$600 has been accumulated, where the following costs will be applied:

- ✓ **10%** is the tax in Romania that is withheld and redirected to the Romanian tax authorities;
- ✓ **\$9-12** is the payment amount of the bank transfer, the same amount will also be paid by Blue Diamond (there will be shearing on the bonus payment);
- ✓ if there are other payments that concern the citizens of the United States, it is their responsibility.

On the website there is also a **Chat** through which you can ask for information, when one of our representatives is present (it cannot be active 24/24, but to a large extent yes, and you can come back with questions).

At the same time, we provide you with a telegram group where you can join for new information.
